

Air1 serves me and my family as a local resident of my community in a tremendous way. Air1 has completely changed my life incredibly. Since I began listening to it in October of 2001 I have not changed my dial back to any other radio station. It is my favorite and will continue to be. I am a sponser for Air1 due to the great music and message that it sends out. I am 25 years old and have a 5, 3, and 2 year old. My kids listen to this station DAILY, we wake up to it, go to sleep to it and it is part of our daily lives. . . .when my children begin singing they sing positive, enouraging songs, not to what is "important" in the mainstream music. The sense of Pride I get is unexpaliable. This radio station changed my views on my life, my husband, and even my youger teenage brothers and sister. . . There is not much positive music outthere, and if Air1 was replaced by a LPFM station it would be a disgrace. . . . !!!!!!!

Many young adults are tuning in and changing their lifes. What we listen to on the radio is a great influence. We just don't know it until it influences us in a positive way..... DON'T TAKE AIR1 OFF THE WAVES!!!!!!
